SEP 2025

SLIDE TO DIVIDE
 Unlike traditional sliding doors, sliding barn doors require less floor space, making them ideal for smaller rooms or tight spaces. Operating on a track system that runs the doorway, this feature not only adds a visually appealing element to a room, but also provides a practical solution to dividing space without the need for a permanent wall. With a variety of color, material, and finishes to suit any style, sliding barn doors offer a simple solution for organizing your space. Plus, their straightforward installation makes them a great option for DIYers.

TIP:
 Start by measuring the doorway's width and height, and then choose a door that fits in your space. The central beam, made of wood and metal materials, is a strong, simple, dynamic, and harmonious aesthetic. This approach celebrates diversity in materials and textures, enhancing the overall appeal of your home.

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
	1	2	3	4	5	6
7	8	9	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
